SHOTGUN 650

A CENTURY OF PURE MOTORCYCLING
DNA COLLIDED WITH THE ANARCHIC
SPIRIT OF CUSTOM CULTURE AND A
SHAPESHIFTING MUTANT WAS BORN:

THE SHOTGUN 650.

CUSTOMISATION IN ITS BONES

The Shotgun 650 defies categorisation in both spirit and form. Its modular design enables it to switch between three modes—from single seater to double seater to luggage-carrying tourer—with ease. Each of its four unique colourways draws from the culture of customisation, offering a canvas for self-expression for builders and beginners.

FROM DOWNTOWN TO OUT OF TOWN

The Shotgun 650 is ergonomically optimised, with mid-set foot pegs, a low 795mm seat height and handlebars that are intuitively placed to work with the seat and footpeg position. Its tuned Showa suspension, 1465mm wheelbase and low centre of gravity come together to make riding in traffic, on highways and down twisty back roads equally fun, without compromising on comfort. Wide 18" front and 17" rear tubeless tyres, combined with 320mm and 300mm disc brakes, ensure a steady grip and ample control at all speeds, whether you're riding solo or with extra weight.

PURE MOTORCYCLING DNA, UNLEASHED.

Under the unshakable steel spine of the Shotgun 650 pounds our proven 648cc parallel twin engine, which is designed for real world usage with a strong mid-range and ample torque across the gears to keep the rider engaged. It's a motorcycle that carries our pure motorcycling DNA, without being constrained by it, using its modular capabilities, neo-modern aesthetic and unique colours to break the mould and push the boundaries of what a Royal Enfield can be.

ROYAL
ENFIELD

DIGITAL-ANALOGUE CLUSTER WITH TRIPPER NAVIGATION

The perfect mix of old-world charm and modern-day technology. The digi-analogue instrument cluster of the Shotgun 650, which comes equipped with the Tripper navigation system, is designed to deliver all the information you need as you head out.

WINGMAN CONNECTED FEATURE

Stay connected to your motorcycle even if you are miles away from it. Wingman—an all-new, in-app feature—keeps you updated on your Shotgun 650's live location, fuel and engine oil levels, service reminders and more, all with the touch of a button.

USD FRONT SUSPENSION

The Showa SF-BPF and Twin Tube RSU with 5-step preload adjustable rear suspension make it a smooth ride on every terrain, even with added weight.

GLOSS ALUMINIUM SWITCHGEARS WITH ADJUSTABLE LEVERS

The retro-inspired, premium-looking switchgears with adjustable levers ensure every ride looks as good as it feels.

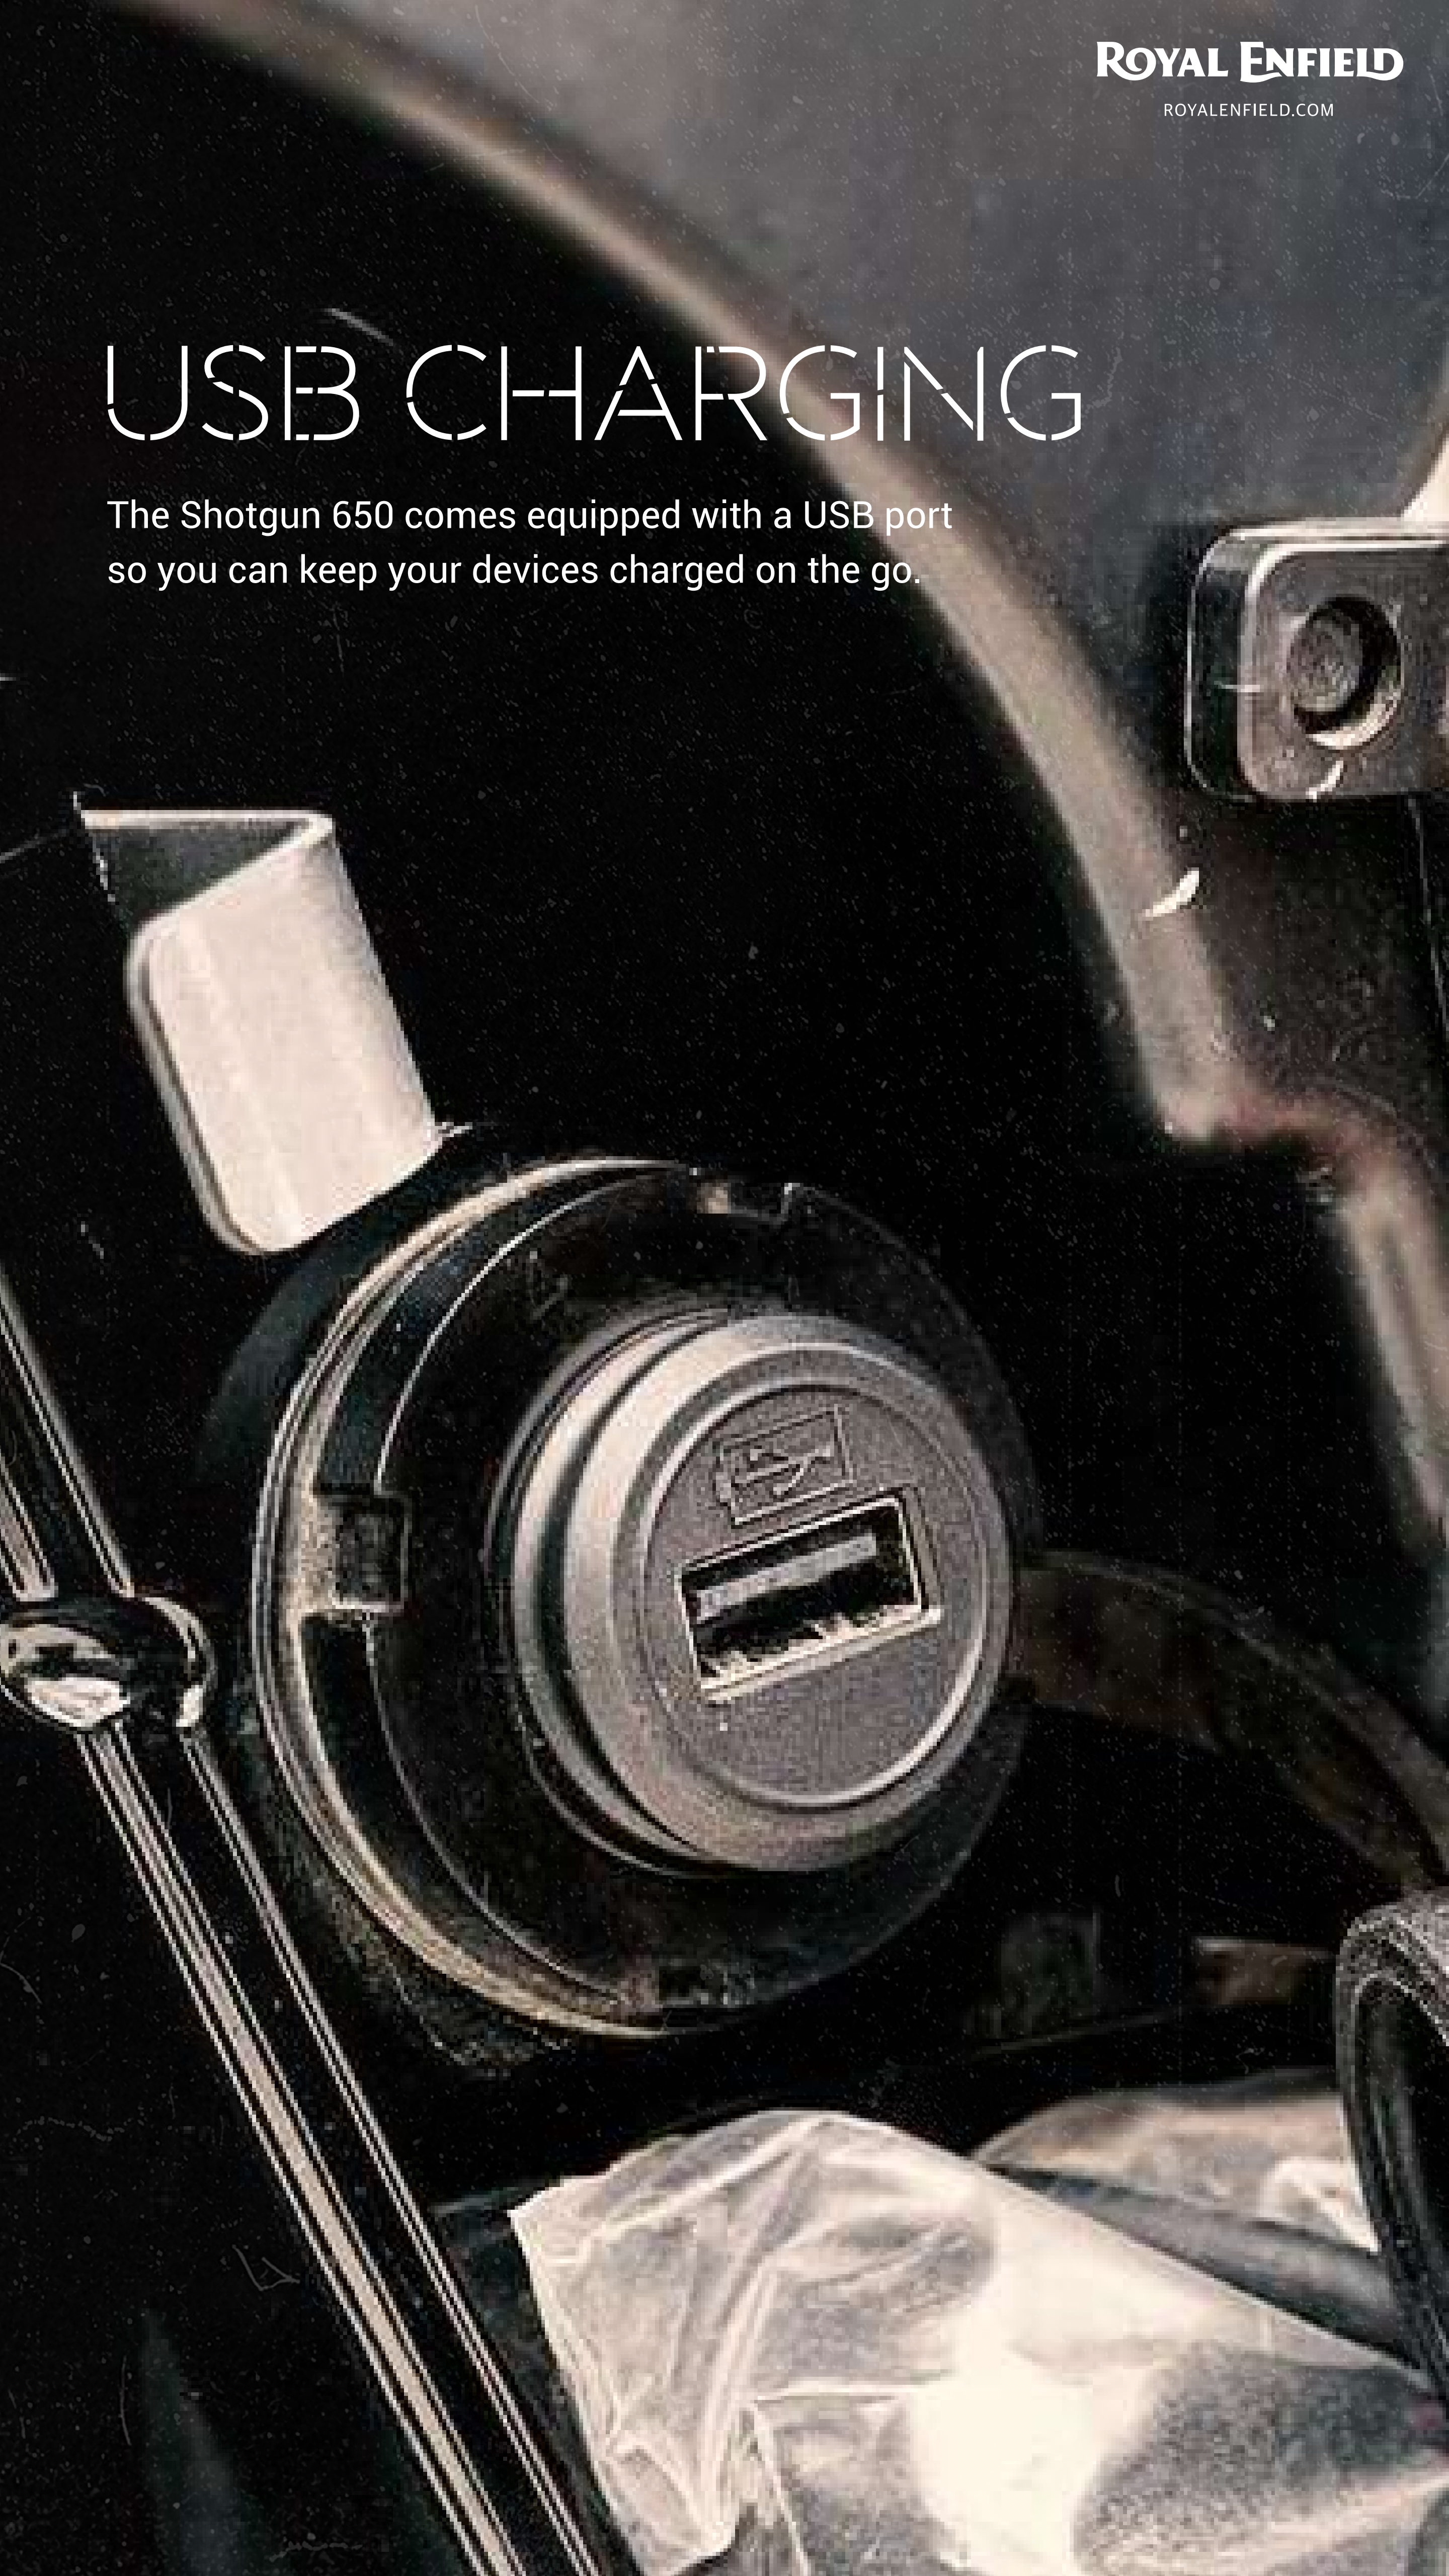

TUBELESS ALLOY WHEELS

Alloy wheels featuring tubeless tyres ensure your ride stays uninterrupted by punctures. A shorter rear wheel diameter ensures confidence and control in every loading condition while adding to the road presence of the Shotgun 650.

USB CHARGING

The Shotgun 650 comes equipped with a USB port so you can keep your devices charged on the go.

BUCKET SEAT

Ride comfortably every time thanks to the Shotgun 650's stylish and ergonomically-optimised bucket seat that can transform from a single seater to a dual seater and back in moments.

LED HEADLAMPS

An LED and light-guard headlamp fitted in a custom, neo-modern nacelle offers improved visibility on every road.

GENUINE MOTORCYCLE ACCESSORIES

The Shotgun 650 is designed for self expression.
Style and customise it to tell your story using
Royal Enfield Genuine Motorcycle Accessories.
